Lists Three Objectives

Eisenhower Calls on Party Members for Up-to-Date GOP

AUGUSTA, Ga. (AP)—President Eisenhower today called on fellow party members to develop a "stronger, completely up-to-date Republican Party," dedicated to three major objectives.

The President, here at the Augusta National Golf Club for a brief vacation, expressed a need to make the party more responsive to the modern-day needs and aspirations of the people in a speech telephoned to a group of New England Republicans meeting in Providence, R.I.

"This administration is committed to a program that has as its goals the establishment of a foreign policy dedicated to maintaining peace throughout the world, a stronger national economy to

permit vigorous expansion and growth, and a higher standard of living for all Americans," the President said.

He called for more GOP rallies on the local levels to "give us an early start on the all-important urgent task of electing a Republican House and Senate in 1958."

Thursday, the President had little time for relaxing as he met with the Secretary of Labor James P. Mitchell on the problem of labor racketeering and then conferred over the telephone with Secretary of State John Foster Dulles on the situation in Jordan.

His Racketeering

Following his meeting with Mitchell, the President issued a 400-word statement in which he said "labor racketeering, like corruption anywhere, is an abomination which must be eliminated if and whenever it occurs."

The Chief Executive said he will ask Congress to give the secretary of labor the power to make public union financial records. Mitchell said that such a bill would be presented immediately for legislative approval.

"... High regard for the rights and welfare of the individual worker is the concern and aim of this administration. We seek not only to protect the individual worker in his person and aspirations, but in the interest he has in his union funds and dues in the security of his welfare and pension plans," the President said.

Mitchell said following his talk with the President that he thinks the Taft-Hartley Labor-Management Act is deficient in its protection of the worker or union member. He said Eisenhower has commissioned him to draft a new approach to laws requiring public record of salaries paid union officials, the condition of their treasuries and the administration of these funds.

Miss Judy Gidcumb Participates in Tri-State Spelling Contest

Miss Wilma Gidcumb of Mitchellville school, Saline county spelling champion, today was participating in the Tri-State Spelling contest at Evansville.

She was accompanied by Evansville by her teacher, Miss Lillie Durham; her parents, Mr. and Mrs. Frank Gidcumb; and John Murphy, assistant county superintendent of schools.

Wife and Daughter Take Shots After Rabies Victim Dies Maddened in Agony

SANTA ANA, Calif. (AP)—The wife and daughter of a rabies victim who died maddened and agonized are taking painful anti-rabies shots because they kissed him before he died, a county health officer said Thursday.

The victim, Clyde Pennington, 41, of Anaheim, Calif., probably lost his life because of his love for animals. He died in a rabid fit April 11 but it wasn't until Wednesday that authorities determined he was a rabies victim.

Dr. Edward L. Russell, county health officer, said Pennington's wife, Sally, and their daughter, Jeanette, 7, both are taking the Pasteur treatment for rabies be-

Death Takes 'Tony' Thompson

Anthony D. "Tony" Thompson, 58, of 402 North Webster, died at St. Luke's hospital in St. Louis, Mo., at 9 a. m. today. The body will be returned to the Gaskins funeral home in Harrisburg Saturday.

Mr. Thompson, Harrisburg building contractor, was taken to St. Louis Friday in serious condition with a heart ailment.

Funeral arrangements and further information will be published Saturday.

Comet Visible in Illinois Areas

By United Press
The Arend-Roland comet was visible Thursday night in many parts of Illinois.

Observers at De Kalb in northern Illinois said they saw the comet in the early evening sky. To some, it looked like a falling star.

In southern Illinois, residents at Alton reported spotting the comet, too.

Dr. William Hooper, head of the physics department at Principia College at Elsah, said the comet first was seen last year.

The Arend-Roland comet, named after its discoverers, is the brightest to appear over the United States since Haley's comet in 1910.

It is expected to be visible in the Illinois area during May shifting from the northwest sky in the early evening the first part of the month to the northeastern sky in the early morning before it disappears.

Five other persons who had contacts with Pennington also have begun the treatments as an extra precaution, Russell said.

Pennington was described as liking animals so much he befriended every dog he encountered.

Before his death he broke out of the hospital where he was being treated for his then-unidentified illness, smashing doors and windows, and battling attendants before they subdued him.

U. S. Warns Mid-East Nations Against Acts To Worsen Crisis

Show of Force Designed to Avert Conflict

WASHINGTON (AP)—The United States today staged a show of military and diplomatic force in hopes of averting a major conflict in Jordan that could draw this country into a Mideast war.

As the powerful U. S. 6th Fleet steamed under secret orders toward the eastern Mediterranean, urgent diplomatic warnings were sent to Israel and Arab countries not to capitalize on Jordan's internal throes.

Long-standing American fears that Jordan's neighbors might try to carve up the tiny Mideast kingdom in event of its internal break-up were revived by the Jordan government crisis and maneuverings of Syria, Egypt and other Mideast nations.

Fleet "Calming" Influence

Although the 6th Fleet is one of the most powerful afloat, equipped with ultra-modern weapons and presumably atomic arms, its movement does not imply U. S. armed involvement in the Mideast. Rather, officials said, it is being sent as a "calming" influence and to evacuate U. S. citizens from the area if necessary.

Leaders of Congress were placed on stand-by notice that they would be summoned quickly if the Jordan situation worsened. Democrats and Republicans who conferred with Secretary of State John Foster Dulles at the State Department Thursday, or by telephone at their homes, were told there is "no alarm as of now" that large-scale fighting will break out in the Mideast.

Senate Republican Leader William F. Knowland (Calif.) who met with Dulles Thursday, said congressional leaders probably will meet early next week with administration officials unless there is need for an emergency meeting before then. Congress is due to return from its Easter recess Monday.

Motorists with Peeling Plates Can Get New Ones Free

SPRINGFIELD (AP)—Secretary of State Charles F. Carpenter Thursday invited motorists who have peeling license plates to get new ones free of charge.

The plates, apparently limited to the 1,400,000 to 2,800,000 series, began losing the red paint shortly after they were issued.

Carpenter said A. B. Scott, vice president of Hemp and Co., Macomb, manufacturers of the plates, indicated that tests showed a combination of the cleaning fluid used to prepare the metal and the metal itself caused the peeling.

Scott said defective plates would be replaced at no charge to the car owner or the state.

The peeling is limited to aluminum-based plates and has not affected the steel-based plates used in the Chicago area. The lighter aluminum plates are used in areas where most of the licenses are delivered by mail.

Carpenter said any motorist desiring to replace his peeling plates should send a post card to the secretary of state's office in Springfield bearing his name and license number.

Infant Dies

The infant son of Mr. and Mrs. David R. Brown, of Evansville, Ind., born Easter Sunday, died in Evansville on Thursday and the funeral will be held there.

The mother of the infant is the former Miss Dora Davis of Wason.

Two Soldiers Killed in Mock Bombing Attack

FT. LEONARD WOOD, Mo. (AP)—Two soldiers were killed in the crash of a training plane during a mock bombing attack here Thursday.

The victims were identified as Lt. Vincent R. Colainni, 23, Vandergrift, Pa., and S3C Donald R. Tucker, 22, Greggton, Tex. Officials said Colainni was the pilot.

Auto Rams Store Front at Zeigler

ZEIGLER, Ill. (AP)—A food store in Zeigler had some unexpected shoppers Thursday night.

Mrs. Grace Rodenberg, Royalton, was parking her car in front of the store when her foot slipped off the brake onto the accelerator. The car jumped the curb and rammed through the store front.

The driver and her three passengers were not injured.

Power Rate Inquiry at Herrin

HERRIN, Ill. (AP)—A state senator and six state representatives testified today at an inquiry into southern Illinois power rates.

The hearing was the first of two which will be conducted by a six-man legislative committee before it reports to the Legislature by May 15.

The second hearing is scheduled in Springfield May 10.

Sen. William L. Grindle (D-Herrin) predicted that a power rate reduction would attract more industry to southern Illinois.

He protested "high" power rates in the area.

Reps. Paul Powell (D-Vienna), Clyde Choate (D-Anna) and William McDonald (R-Murphysboro) all said that they "had faith in the impartiality of the committee" and would back any recommendations it makes.

Rep. Ber. Baker (D-Benton), who introduced legislation leading to creation of the committee, said the power companies "are charging our local citizens three times the amount charged in other areas of the state and surrounding states."

Mayor K. Neil Thurmond, of Johnston City testified that the Chicago owners of a Johnston City garment factory have consistently complained about the higher power rates.

U. S. Rejects Hungary Charge

WASHINGTON (AP)—The United States has categorically rejected Hungary's charges that a former U. S. military attaché in Budapest engaged in spying.

Hungary charged April 9 that Capt. Thomas R. Gleason, former assistant military attaché at the U. S. embassy, engaged in "open espionage" and demanded that he leave the country. The Army officer left two days later and is now here.

The United States in its statement also renewed a protest to Hungary over the April 3 incident in which Gleason and his superior, Col. C. J. Todd, were detained by Soviet and Hungarian military authorities.

Another twister slammed into Holdenville, Okla., Thursday night, causing considerable damage to the business and residential sections.

Other tornadoes were reported Thursday from such distant points as Texas and Michigan, where a small tornado caused some damage in a town near Detroit.

Weathermen said more turbulent weather, including severe thunderstorms and possible tornadoes, could be expected early today in sections of five southwestern states.

Floods Hit Dallas, Fort Worth

5.25 Inches of Rain in Texas; Tornadoes Hit Three States

By United Press

The worst floods in 10 years hit Dallas and Fort Worth, Tex., today and a tornado struck Tyler, Tex.

A vigorous spring storm dumped up to 5.25 inches of rain on portions of Texas and spawned tornadoes in Oklahoma, Nebraska and Texas.

At least 45 homes were flooded in Dallas, while in Fort Worth 20 were flooded in one neighborhood. Police and firemen took hundreds from their homes in boats.

The Trinity River was surging upward at Dallas and was due to hit a major flood stage of 38 feet tonight.

Flash flooding on the Upper Trinity and its tributaries washed out bridges and cut off roads. The highway between Dallas and Fort Worth was flooded and the city of Arlington, Tex., was cut off.

At Tyler, two schools and a junior college were reported hit by a twister which slashed through a 1 1/2 mile area of the town.

At least six persons were injured, including three pupils at an elementary school.

About 25 homes were damaged or destroyed and the streets were strewn with uprooted trees.

Damage was reported heavy in a subdivision southwest of Tyler. The twister uprooted trees and unroofed houses.

Another twister slammed into Holdenville, Okla., Thursday night, causing considerable damage to the business and residential sections.

Other tornadoes were reported Thursday from such distant points as Texas and Michigan, where a small tornado caused some damage in a town near Detroit.

Weathermen said more turbulent weather, including severe thunderstorms and possible tornadoes, could be expected early today in sections of five southwestern states.

Specifically covered by the warning were southwest Missouri, eastern Oklahoma, northwestern Arkansas, southwestern Arkansas and northeastern Texas.

Killed in the Nebraska twister was Paul Cast, 76, a farmer living southwest of Milford whose home was demolished. Authorities at Milford credited ample warning of the approaching twister for preventing any fatalities in the community itself.

The town's fire siren alerted the town's 1,200 residents shortly before the funnel cloud slammed into the business district and then tore a destructive path through the residential section.

775 Communities in Illinois Will Be On Daylight Savings Time

SPRINGFIELD (AP)—More than 775 Illinois communities will push their clocks up an hour Sunday to go on daylight saving time for the summer months, an Illinois Municipal League survey indicated today.

Almost half of them will continue fast time through to the last Sunday in October. The others will revert to central standard time on the last Sunday in September, the league reported.

Henderson Rites in Indiana Saturday

The funeral of Ben M. Henderson who died Wednesday at Versailles, Ind., will be held Saturday at 10:30 a. m. at the Elrod, Ind., Baptist church. The body will lie in state at the Bovard funeral home in Versailles until time for the funeral. Mr. Henderson was the father of James W. Henderson of Harrisburg.

King Hussein Holds Jordan in Firm Control

Hundreds of Leftist Dissidents Are Under Arrest

By United Press

The United States has warned Israel, Syria, Egypt and other Middle Eastern countries not to worsen the situation in Jordan, where the government staged a massive cleanup of leftist leaders and general calm prevailed today.

King Hussein, the victor after 48 hours of crisis caused by pro-Communist elements, was firmly in command of things. His army held the nation in the iron grip of martial law, a tight curfew continued and hundreds of leftist dissidents were under arrest.

Some estimates said as many as 600 persons had been picked up for questioning, many of them from the ultra-nationalist, pro-Soviet, pro-Egyptian and pro-Syrian parties who had supported ousted former Premier Suleiman Nabulsi's coalition government.

One Amman spokesman said the former premier was a "fugitive," and added, "We are looking for Nabulsi."

But Nabulsi later was reported to be at his home in Amman, although he refused to see newsmen or any other callers.

It was against this background that State Department press officer Lincoln White told Washington newsmen this afternoon the U. S. position that Jordan's independence and integrity are "vital" has been made "abundantly clear" to countries in the Middle East area.

U. S. Three-Point Policy
White said the United States is in "daily contact" with the Middle Eastern countries and noted that Washington's position as "publicly stated" by President Eisenhower has been made "abundantly clear to them."

White also told a news conference that the situation in Jordan "if anything, is perhaps a little better today than yesterday," and that King Hussein has not asked the United States for assistance during the present emergency.

American policy in the Jordanian situation seems to have evolved this way:

—The statement by President Eisenhower at Augusta, Ga., Wednesday that the "independence and integrity" of Jordan are "vital" to the U. S. and the world.

—The State Department's follow-up action in cautioning the Middle Eastern countries against taking action to worsen the situation.

—The move in sending the 6th Fleet into the eastern Mediterranean to display the flag in a show of force.

Jerusalem Is Quiet
Earlier reports that Americans had been ordered out of the Jordanian sector of Jerusalem proved to be inaccurate. Sources there said the American consul in the Old City of Jerusalem had crossed the city Thursday through the Mandelbaum Gate to request "military reinforcements" to help guard the consulate against possible Jordanian mob attack.

At the same time, several American families from the Jordan-held half of Jerusalem also crossed into Israel. They reported the Old City "deadly quiet," with the population growing restive under the continued martial law and its resulting strict curfew.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
Big Ranchers Benefit By Ben-
son's Drought Relief; Director
Of Santa Fe RR Gets Help
From Benson; Benson's Offi-
cials Don't Have Direct Super-
vision Of Drought Relief.

WASHINGTON. — One of the
worst scandals inside the Agri-
culture Department is the man-
ner in which big farmers have
cashed in on the emergency
drought program with little or
no supervision from Secretary
Benson's boys.

The feed program was estab-
lished to help stricken farmers
feed their cattle during the
drought winters. It was not sup-
posed to help big farmers, espe-
cially those with other means of
livelihood. The emphasis was
placed on "need." However, in
Pratt, Kansas, Richard Robbins
and his brother, Ed Robbins, have
been drawing substantial drought
benefits.

Richard Robbins is a director of
the Santa Fe RR, was former
president of Pennsylvania Central
Airlines, former president of
Trans-World Airlines, and has
other business interests. He is
sufficiently well fixed to belong
to the Yale Club and the Univer-
sity Club in New York, the Park
Hill Country Club in Pratt, Kan.,
the Allegheny Country Club in
Pittsburgh, the Wichita Club in
Wichita, and the Graduates Club
in New Haven. He has also been
a strong Republican and was a
delegate to the GOP National con-
vention in 1940.

Despite this, he and his brother
drew on the Benson drought
relief program for 173,000 pounds
of cottonseed cake, 6,215 bushels
of corn and 1,500 bushels of oats
up to February 1954.

Again in 1956 the Robbins ranch-
es in Chase county, Kans., re-
quested 644,000 pounds of feed
grains. The application was signed
by Evan Koger, manager. The
application was okayed and 515,-
000 pounds of feed authorized.
Whether the Robbins brothers own
both land and cattle in Chase
county could not be ascertained.
In Comanche county, Kans., Ed
Robbins pays taxes on both land
and cattle. Richard Robbins isn't
listed. Here 3,333,000 pounds of
feed grain was requested and 2,-
323,000 was authorized.

WASHINGTON IS EVASIVE

Either Secretary Benson's boys
don't want to know about this or
are covering up. Persistent at-
tempts by this column to find out
how much drought relief was be-
ing used by big farmers generally
and the Robbins brothers specifi-
cally got nowhere.

When Kermit Hansen, head of
Farmers Home Administration, was
asked how much the Robbins
brothers received, he replied:

"Well, I don't know. I'm in a
peculiar spot. That would be di-
vulging personal information, and
I might get my neck in a noose.
I don't mean to be uncooperative,
but I don't know how to approach
it. I know I'm sparring with you,
but I'm not just passing the buck.
The emergency program is han-
dled in the secretary's office. We
merely implement it under the di-

rection of Ken Scott in the secre-
tary's office. The emergency
program becomes too hot for us to
handle."

Wesley D'Ewart was next quer-
ied. He is the ex-congressman
from Montana, who later ran for
the Senate, and is now assistant
to Ken Scott, director of credit
services. Asked what the Agri-
culture Department was doing to
prevent the misuse of drought re-
lief funds, D'Ewart gave this long
and involved explanation:

"The government requires the
President to designate the area as
a disaster area. Then Civil De-
fense is responsible, but it dele-
gates the agricultural end to the
secretary of agriculture. If they
want a hay program, we have the
state and each county set up a
disaster committee and then the
farmers make application to the
county committee and in turn to
the state committee. Then the
state makes its recommendation
to the secretary.

"The secretary also sends an
experienced field man to look
over the situation and make sure
it qualifies under the law as a
major disaster area for drought as-
sistance," concluded D'Ewart.

LOTS OF RED TAPE

"But how does agriculture check
up to see which farmers are ac-
tually getting the aid?" D'Ewart
was asked.

"The farmers make application
to their county disaster commit-
tee and they recommend,"
D'Ewart replied, which, of course,
added nothing new.

"But we have a case where aid
went to people who obviously
didn't need it. How does your of-
fice police such abuses?" D'Ewart
was asked.

"First, you have the county
drought committee," he replied.
"They know the people who live
in the county. They issue the
man a certificate within the regu-
lations, one of which is 'need.'
If there are any reports of mis-
use, we have investigators we can
send in. The state office is also
in charge of the county offices.
We've checked a number of re-
ports, and it's very seldom we
find anything not within the law.
Compliance has been surprisingly
good."

Note—Actually D'Ewart was
not too clear on his facts. The
state and county disaster commit-
tees don't process individual ap-

plications, but are set up as the
first stage in assessing the need
of the area for an emergency
feed program. If relief is author-
ized by Benson in an area, then
the job of approving individual
applications falls to the Farmers
Home Administration's county
committee. After the FHA coun-
ty committee approves a request,
it goes to the county agricultural
stabilization committee where a
purchase order is written for the
feed grains.

Brockett Bates Addresses Saline County Garden Club

"Our State Parks in Pictures" was the subject of an illustrated lecture presented by Brockett Bates of the Division of Education, state of Illinois, before the Tuesday. The meeting was held in the club rooms of the Mitchell-Saline County Garden club on Carnegie library and Mrs. Ray Durham, program chairman, and the club's officers were hostesses. Visitors shared this program since it was an open meeting. Mrs. S. M. Farrar prepared the flower arrangements of iris and there were other flowers displayed.

Mrs. Leroy Reese presided at a board meeting in the absence of the president, called from the city because of a family death.

Mrs. Ray Durham, in an introductory speech, spoke briefly of the early days of the Illinois country. She presented Mr. Bates to the assembled group.

Mr. Bates emphasized the scenic beauty of Illinois state parks, memorials and conservation areas. He illustrated these beauties with a film, "Parks and Memorials." Starved Rock, Pere Marquette, Fox Ridge, Giant City, and Ferne Cliffe parks were included in the film as were scenes from Springfield and the Lincoln saga.

Mr. Bates invited Illinois vacationers to know and visit their own state parks, historical monuments and enjoy the beauty which is their heritage.

Following the lecture there was a brief business meeting in which two new members, Mrs. Hilda White and Mrs. Sam Cape were welcomed and a letter from the state president of the National Garden Club of Illinois, Mrs. Earle G. Benson of Flossmoor, was read. The letter complimented the club on its printed program for 1957 and expressed pleasure in the appearance of the booklet and excellence of the work as planned for the year.

The meeting adjourned.

Beginners and Primary Hold Sunday School Meeting

The Beginners and Primary department of the Ledford Baptist Sunday school met at the church, Friday, for an Easter egg hunt. Marianna Carrier presented the devotion, "The Resurrection of Christ."

Cookies and Kool-aid were served and the following attended: Deanna Maddox, Connie Yates, Peggy McGill, Cora Mae McDermott, Judy McDermott, Melva Riley, Letta Spirling, Gaylord Yates, Donnie Baker, Kenny Carrier, Larry Kasner, Judy Booten, Elaine Baker, Linda Carrier and the teachers, Marianna Carrier, Ona Wasson and Wavel Roberts.

TO WED IN HAWAII—Mr. and Mrs. Dan Slayden of Coos Bay, Oregon, are announcing the engagement of their daughter, Miss Johnnie Slayden, to the Rev. Robert Leland Armistead, son of Mr. and Mrs. Leland Armistead of 32 West Park street.

The wedding is scheduled for 5:30 p. m. on June 14 at the U. S. Submarine Base Chapel at Pearl Harbor, Hawaii. Chaplain Harold F. Menges will perform the ceremony.

Rev. Armistead was graduated from Baylor University, Waco, Texas, in 1955 and Miss Slayden will be graduated in June from Coos Bay high school.

After the marriage, the couple plan to live in Pearl Harbor until September when Rev. Armistead expects to be discharged from the U. S. armed forces and return to the states to enroll in the Southern Baptist Theological Seminary at Louisville, Ky.

Presbyterian Guild Circle Meet

The circles of the Women's Guild of the First Presbyterian church met Wednesday with the following hostesses: the Mary Seten circle with Mrs. Perry Moore; the Sarah Wiedemann circle with Mrs. O. D. Rice; the Carrie Wilson circle with Mrs. Leroy Reese and the Nella Gregg circle with Mrs. Owen Hunsinger.

The Bible study, "The Things Which Are Caesar's," was presented by Mrs. Jessie Burley, Mrs. Clyde Benson, Mrs. Leroy Reese and Mrs. Perry Moore.

The general education and action topic, "That All May Be Free," was presented by Mrs. W. W. Damron, Mrs. John Jarrell, Mrs. Gordon McGehee and Miss Grace Collier.

The year book of prayer followed and was presented by Mrs. Verner Joyner, Mrs. Bruce Polk, Mrs. Clarence Bosket and Mrs. Fred Gilbert.

A business meeting was followed by a social hour and refreshments were served.

Mrs. Verna Lockaby Hostess To Home Bureau

Mrs. Verna Lockaby was hostess to the Gaskins City Home Bureau unit. Six members and two guests attended. Mrs. Jeanette Alexander, vice-chairman, called the meeting to order and the secretary treasurer's report was accepted as presented by Beulah Lievers. Plans were made for a booth to be sponsored by the unit at the annual meeting on Sept. 25.

The major topic, "Roses and Their Care," was given by Miss Lievers, and the minor topic, "Color in Wardrobe," was given by the home adviser, Mrs. Mary Harper.

After the meeting adjourned there were games and prizes were won by Mrs. Margie Alexander, Mrs. Harper, Mrs. Wanda Lane and Mrs. Dorothy Stunson. Mrs. Gladys Aldridge will be hostess to the May meeting.

North Willford G. A.'s Hold Meeting

The North Willford Baptist G. A.'s met Monday at 7 p. m. The meeting was called to order by the president, Opal Garrison, and prayer was led by Brenda Garrison. The watchword and theme song were presented and the minutes and roll call were read.

Business of the meeting was discussed and the lesson was discussed by each member of the group. Dwan Hargrave led the closing prayer.

The next meeting will be held at the church on May 6th.

LETTER TO THE EDITOR

April 25, 1957
Muddy, Illinois

Editor The Register:

We the voters and residents outside the tiny, new Incorporation of Muddy, Ill., want the people of Saline county to know we are neither proud nor happy about the results of the Village election April 16. The prohibition of the sale at retail of alcoholic beverages was ended with a vote of 56 favoring and 2 against. The vote represented by far the smaller part of our community. There are 58 residences, one grocery store the grade school, the only service station and two of the three churches outside the Incorporation.

Inside there are 38 residences where people reside, one grocery store, post office, and the block plant. With this small group and some absentee votes liquor was voted on all of us.

We are anxious that the public be informed that by far the majority of the community is on the outside and were unable to have a voice or vote.

Street Resigns from Grade School Faculty for Post at Memphis, Tenn.

Howard Street, who has taught in the Carrier Mills schools for the past four years, has resigned to accept a position on the faculty of the Frayser High School, Memphis, Tenn. Mr. Street tendered his resignation to the Grade school board of education Monday evening.

Mr. Street came to Carrier Mills during the summer of 1953 as industrial education instructor at the CMCHS. Two years later he moved to the grade school as coach and teacher in the 7th and 8th grades.

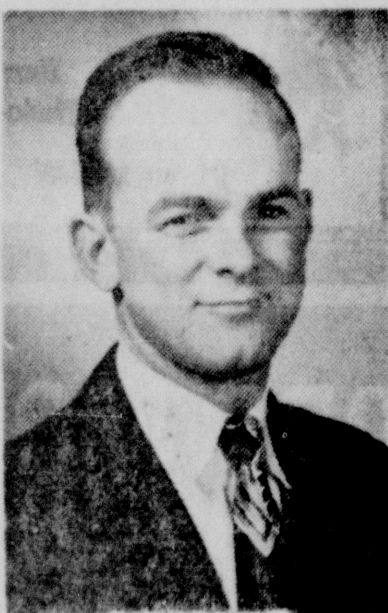

Although a native of Cairo, moving to Memphis will be "like going home," Street stated, revealing that he has brothers and sisters living there and his parents lived in Memphis until recently. He also graduated from Memphis State University and taught in Memphis immediately after graduation from college.

He also taught at St. Jacob, Ill., and was a member of the Enfield high school faculty four years prior to coming to Carrier Mills.

Mr. and Mrs. Street were in Memphis during the Easter vacation and made arrangements for housing and plan to move shortly after the close of the school term.

The Streets, who have two children, have been active in community affairs and in the activities of the First Christian church, Harrisburg.

Five presidents of the United States were named James: Madison, Monroe, Polk, Buchanan, and Garfield.

Musical Program Will Be Given For Simmons Fund

A musical program will be given for the Dewey Simmons fund at the gymnasium in New Burnside Friday, May 3, at 7:30 p. m. There will be no admission charge but a free will offering will be given.

Dewey Simmons of Vienna has been in a wheel chair because of arthritic paralysis of his lower limbs and the citizens of the surrounding area are building him and his family a new home. Dewey has been confined to his room for several years, but his courage and fortitude has been beautiful to see. He gives every visitor a warm smile and friendly handshake.

This project will take a large sum of money, but it will be accomplished. The program will be very enjoyable and a good evening of fellowship will benefit everyone.

Dallas, Sweat Head Boards Of Education

Loren Dallas and Kenneth Sweat head the Carrier Mills Community high school and Carrier Mills grade school boards of education respectively.

The two groups met Monday evening to organize for the coming year.

Mr. Dallas is starting his 11th year as president of the CMCHS board of education and Anderson J. Henshaw was re-elected secretary.

Other members of the board are Elbert Ozmert, Lloyd Culbreth, Lee Ferrell, Cebon Parks and Robert Whitney.

Kenneth Sweat, who has been vice president of the grade school board of education, was elected president, succeeding Bill Guldge. Oather Dunaway was re-elected secretary.

Other members of the board of education are J. E. Hearn, Siegel Meier, Max Rodocker, Jess Martin and Morse P. Hill.

At the meeting two resignations from the grade school faculty were received. Howard Street, 7th and 8th grade teacher and coach, has resigned to accept a position at the Frayser high school, Memphis, Tenn., and Mrs. Mary Jo Kihl-mire, a 5th grade teacher, is moving to Milwaukee, Wis., this summer where her husband, with the U. S. Forest Service, has been transferred.

Concert-Variety Show At Carrier Mills Gym To Be School-Town Affair

Proceeds Will Help Take Music Students To State Contest

One of the top entertainment programs of the year is scheduled for Tuesday, April 30, in the Carrier Mills Community high school gymnasium, starting at 7:30 p. m. The program, listed as a concert-variety show, is being presented as a cooperative school-town affair, with all proceeds going to the CMCHS music department to help defray the expenses of taking the 85 members of the department to the state contest at Greenville.

For the first time in the history of CMCHS the entire department has qualified for the state contest and both the school and townspeople are joining in fund raising activities. Tuesday's concert-variety show will climax the money raising campaign.

Of particular interest will be the comedy variety acts featuring business and civic leaders.

Lists Variety Acts

Mrs. Clyde Rodocker, producer of the comedy portion of the show, has listed six variety acts as sure to appear, and stated there might be others.

The acts: I—The McGuire Sisters (Bob Whitney, Freeman Dale Pankey, A. J. Henshaw. Three "lovelies dressed in the latest fashions).

II—Goldie Hill (Identity of this performer is "Top Secret").

III—Patti Page (None other than his honor Coroner James Thornton).

IV—Elvis Presley (Eldon Rice. Don't miss this act! It's a wow).

V—Homer and Jesse (Raymond Rann and Dottie Tanner. The season's hit).

VI—June Taylor Dancers (A chorus line featuring some of the "purest" male legs in Carrier Mills. Come early for a front row seat).

In addition to these show stopping acts, there will be many numbers by members of the CMCHS music department presenting a preview of concert numbers to be played at the state contest.

State Contest May 3-4

There will be numbers by the band, boys' chorus, girls' chorus.

and solos, ensembles and twirling routines.

The state contest will be held Friday and Saturday, May 3-4, at Greenville. Ten students, accompanied by Director Wayne Minton, will leave Thursday afternoon by private automobiles and will participate in solo and ensemble contests Friday.

The remaining 75 members of the music department and chaperones, will leave Friday at noon in two chartered buses and will take part in organization contests Saturday.

Transportation and lodging for such a large number will be quite expensive and "patrons of the fine arts" will have an opportunity to enjoy themselves Tuesday night and at the same time make a contribution to a good cause.

New Burnside

By

Mrs. Roy Milburn

Pre-Easter services were held at the Methodist church last week. The pastor, Rev. Loren Page, was in charge of the services. Rual Tanner directed the choir, and special numbers were planned for each night by different members of the choir. Sunday morning an Easter Sunrise service was held, with two other churches, Tunnel Hill and Taylor, being represented also.

The W. M. S. held their April meeting Friday at 2 p. m. at the church, with a musical program preceding the program. Kay Robertson played a piano solo and Mary Epperheimer and Ruth Ann Emery played a duet with the cornet and trumpet, accompanied by the organ and piano. Mrs. Harry Yates, Mrs. Glen Robertson, Mrs. D. E. Whittenberg, and Mary Casey gave the topics that were outlined for the discussion. Mrs. Roy Milburn presided at the meeting.

The Rev. Ernest Ammon of Harrisburg filled the pulpit at the Baptist church Sunday morning, bringing an inspiring message. The choir, under the direction of Orval Howerton, had planned special music for the service. Kay Robertson at the organ and Janice Rude at the piano accompanied them. It was a wonderful service and all felt that it was good to be in the House of the Lord. Rev. Ammon was a dinner guest of Lindorf, Hermen, and Clara Heaton.

MAN OF THE WEEK In Carrier Mills

By BILL MELTON

Raymond E. Fields, starting his second term as supervisor of Carrier Mills township, has been active in Carrier Mills civic affairs for more than 20 years.

A native of Galatia, Mr. Fields came to Carrier Mills in 1917 to work at O'Gara mine No. 15, just north of the city limits. For approximately 23 years he was employed by coal companies with operations in Saline county, working for the O'Gara company and later with Sahara and also was connected with the Big Creek Coal company, later sold to the Saline County Mining company, which operated mines at Steel Tiptoe, Grayson and Harrisburg.

"I am the last of a big family in Saline county," Mr. Fields stated. He is a son of the late Mr. and Mrs. Charles Fields (his mother was the former Miss Mary Dunham) of Galatia. One of several children, he is the only one still residing in the home county. He has brothers and sisters in many parts of the nation and one brother, who died recently, made his home in Alaska for years.

Mr. Fields has been elected to office for four occasions. Tuesday, April 2, he was elected to his second term as supervisor of Carrier Mills township and previously he had been elected twice as a justice of the peace.

For five years he was chief of police in Carrier Mills and in 1932 Mr. Fields organized the Carrier Mills volunteer fire department and was chief of the fire fighters for 10 years. Three of his sons, who, as he puts it, "were raised on the fire engine," are now members of the fire department. They are Charles, Bob and Lavern.

Shortly after coming to Carrier Mills Mr. Fields and the former Miss Martha Tanner were married.

W. H. Schafer Is New Mayor Of Creal Springs

W. H. Schafer became the new mayor of Creal Springs after defeating W. C. Donelson by a vote of 208-82 in the election held Tuesday, April 16.

Donelson, a former alderman in Ward No. 2, has been acting mayor since the resignation of Ray Adams last August.

The rest of Schafer's ticket elected were Mrs. Cora Champion, city clerk; Mrs. Jeanette Sneed, city treasurer; Elmer Trout, Ward No. 1; Clyde Hawkins, Ward No. 2; and Ralph Chamness, Ward No. 3.

There were no police magistrate candidates. W. F. "Bill" Tyree was named winner in that race with 32 write-in votes.

A total of 291 votes were cast, which is about 45% of the eligible vote. Mrs. Champion is thought to be the first lady ever elected as city clerk in the history of Creal Springs, in 76 years existence. A lady city treasurer served a term once.

Raymond E. Fields

There were eight children in the family, seven still living, all in Saline county, six in their home town.

The six children in Carrier Mills are Charles, Bob, Lavern, Betty, Pat and Larry, and another sister, Darlyne, makes her home in Eldorado.

In February, 1918, Mr. Fields entered military service. He served 15 months during World War I, nine months of the time being overseas with the motor transportation corps. He held the rank of corporal at the time of discharge.

He is a member of three veterans organizations, the American Legion and Veterans of World War I, Carrier Mills, and the Veterans of Foreign Wars post in Marion.

STONEFORT SCHOOL NEWS

By Sherryll Bainbridge

The eighth grade edited a school paper as a project in their language class last week. Thursday, the seventh and eighth grades enjoyed an Easter party with refreshments of ice cream and soda served by Mrs. Nulty and Mrs. Stricklin.

The third and fourth grade pupils enjoyed an egg hunt on the school lawn Thursday. J. E. Joyner received a prize for finding the most eggs, and Terry Felty won a prize for one of the games that was played.

Mrs. Marge Felty and Blaine visited Miss Gurley's room Tuesday afternoon. Walter Lee Boatright visited friends in Pekin, over the week end.

Phyllis Scott and family enjoyed an outing at Shavneetown Friday. Betty Reynolds enjoyed a picnic with her family at Belle Smith Springs Sunday.

Beverly Stricklin and Renita Martin went roller skating Saturday night at Harrisburg. Renita stayed the night with Beverly.

Beth Bynum visited Miss Casey's room Tuesday.

The fifth and sixth grades enjoyed an Easter party and egg hunt last Thursday. Games were played and prizes were won by Butch McCabe, Carol Bainbridge, and Richard Redwine.

I want to mention again, the music festival, under the direction of Mrs. Nulty, which will be presented Friday night, April 26, at 7:30 p. m., in the school auditorium. The public is invited to attend.

"Ditto" is an adaptation of the Italian "detto," meaning "afore-said," according to the Encyclopedia Britannica.

COSTLY CONFLAGRATION! The nation's fire loss in 1955 exceeded \$850 million. What with some 250,000 home fires, householders must have borne no small share of the total. However great that share, though, consider "what might have been," lacking fire-fighters, insurance settlements—and the protective facilities of banks. Helen Harrison, Clarence King Wed

A2/C and Mrs. Clarence E. King Miss Helen Louise Harrison, daughter of Mrs. Deward Gates of Eldorado, and A2/C Clarence E. King of Ledford, were married at the home of the bridegroom's parents Saturday, April 6, in the presence of the immediate family and close friends. Due to the illness of his father, the couple chose a quiet wedding.

Rev. Olen Clarida, pastor of the

Ledford Baptist church officiated the single ring ceremony. Their attendants were Bobby Yates and Sue Rogers.

The bride wore a powder blue suit with matching accessories.

The bride's mother chose for her daughter's wedding a dressmaker suit of gray and the groom's mother wore a light blue dress.

A small reception was held at the home of Mr. and Mrs. Walter King, where a three tiered wedding cake was served with ice tea and coffee. Those attending were Mr. and Mrs. DeWard Gates, Bobby Yates, Curtis King, Sue Rogers, Neva McGill, Carolyn Harrison, and two girl friends, and two friends of the groom, A2/C Gary Gullett and Bob Willford, from the air base in Blytheville, Arkansas, where the couple will make their home.

Plans were made to buy a baptismal bowl for the church. No meetings will be held in June, July, and August.

Marge Davis was made secretary for the remainder of the year.

The next meeting will be held at the home of Wilsie Partain May 28.

Bassey Favored In Bout Tonight With Berrios

WASHINGTON (AP) — Featherweights Hogan (Kid) Bassey and Miguel Berrios meet tonight in an internationally televised boxing bout with the winner getting a shot at the world title.

Bassey is the British Empire champ and comes from Nigeria, Africa. Berrios hails from Puerto Rico. The two clash in a 12-round nationally televised bout in an American arena with the victor meeting France's Cherif Hamia for the vacant title.

Bassey was favored at 9-5 on the basis of his record (21 victories and seven losses) against well-known opponents. Bassey has won 47 of 57 bouts, but never has boxed in America.

Ring Magazine rates Berrios as No. 2 contender for the featherweight title and Bassey No. 3.

White Sox Defeat Tigers, 9-4, for Fifth Win in Six Games; Reds Beat Cubs, 6-3

By United Press

Casey Stengel says Al Lopez is "too good a manager to keep finishing second all the time," and judging from their jack-rabbit getaway, the Chicago White Sox are bent on proving Ole Case a prophet.

Off to his best start in his last five years as a manager, Lopez has the White Sox in first place with five victories in six games.

"I said I felt we could win this year before the season began and it still goes," the White Sox manager declared following Thursday's 9-4 victory over the Detroit Tigers.

Bull Dogs Beat West Frankfort Red Birds, 8-5

The Harrisburg Bull Dogs scored three runs in an extra inning at West Frankfort Thursday afternoon to beat the Red Bird nine, 8 to 5.

Harrisburg had a 5 to 1 lead going into the last of the fifth of a scheduled seven-inning contest but at that point Frankfort scored four runs to tie the count. The score remained 5-5 until the eighth, when the locals put over three markers.

Both Jerry King, Bull Dog hurler, and the Frankfort moundman gave up eight hits.

Longest local blow was Wathen's triple on the first pitch of the ball game. He scored on a tremendous fly ball by Jim Cummings, which was caught. Harrisburg scored one more in the fourth, three in the fifth and three in the eighth.

Besides Wathen's triple, only other local extra base blow was a double by Hassett.

The Harrisburg infield executed two double plays, bringing the team's twin-killing total to four for two days.

Coach John Dotson used the following: Wathen Rf, Stone 2b, Cummings ss, Pickford lf, Hassett 1b, Maynard 3b, Aldridge cf, Vick c, King p.

Next scheduled game is West Frankfort here Wednesday, May 1, but Dotson is trying to secure a contest to be played before that date.

Ike Suspected Jordan Land Grab in October

WASHINGTON (AP) — President Eisenhower suspected last October that international intrigue was aimed at carving up the kingdom of Jordan.

In fact there was some feeling that the Israeli invasion of Egypt might have been pointed earlier at Jordan.

The President and his advisers haven't forgotten their October suspicions, particularly in the light of the political tug-of-war now going on in and around Jordan.

The administration's fear then, and to some extent now, was that Middle Eastern politicians might, by accident if not design, begin a Jordan land grab that could wind up in a first class war.

Prior to the Oct. 29 invasion of Egypt American intelligence agencies were frantically trying to figure out exactly what was happening in Israel and surrounding areas. The jigsaw puzzle confirming a coordinated British-French-Israeli plan wasn't pieced together until about 24 hours before the attack.

About a week before the strike against Egypt, the intelligence grapevine buzzed with reports that Israel was mobilizing to hit at Jordan. The guess was that Is-

Two Seek Damages In Court Complaint

William B. Joyner seeks \$10,000 for injuries and Everett Henshaw \$786.38 for auto damages from the Harrisburg and Dorrisville Bus Line, Inc., as a result of a motor vehicle crash on Route 34 11 miles south of Harrisburg Nov. 8, 1956.

The complaint, filed in Saline circuit court by Atty J. C. Mitchell of Marion, says Joyner was driving an auto owned by Henshaw and was travelling north on the highway.

It says a school bus owned by the defendant, driven by Glynn McCormack, backed from a side road onto Route 34 and to avoid a collision, Joyner ran off the highway and crashed into an embankment.

rael wanted to pinch off Jordanian territory jutting westward into Israel beyond the Jordan River.

High American officials weighing this possibility suddenly got indications Britain had persuaded Israel it would be better to forget about Jordan and attack Egypt instead. As seen here, the British aim was to use Israeli forces as a reason for sending British and French troops into Suez.

The possibility of territorial trouble over Jordan explains why Eisenhower and Dulles have said they regard the "independence and integrity of Jordan as vital." This has been backed up by movement of the U. S. 6th Fleet to the eastern Mediterranean, nearer the trouble zone.

Humphrey Hints He Intends to Resign Soon

WASHINGTON (AP) — Treasury Secretary George M. Humphrey hinted strongly today that he intended to resign soon from President Eisenhower's cabinet.

Rumors of Humphrey's possible resignation have been increasing since shortly after the first of the year when he invited Congress to make drastic cuts in the President's \$771,800,000 budget for fiscal 1958.

Previously, Humphrey has denied such reports or remained silent.

Today he issued a statement to answer published reports that he will become president of the National Steel Corp. at Pittsburgh.

He said: "It is well known," he said, "that I have been in the Cabinet much longer than I originally planned. But as long as I am secretary of the Treasury, I will have no other interest."

"When the time comes for my resignation, it will be presented first to the President."

The secretary's aides interpreted the statement for newsmen to mean that Humphrey expects to quit his government post "in the not too distant future."

Hold Off Final Judgment on Suez Plan, Lodge Urges

UNITED NATIONS, N. Y. (AP) — The United States expressed doubts on Egypt's plan for operating the Suez Canal but urged today that the proposals be tried out before final judgment is taken.

U. S. Ambassador Henry Cabot Lodge told the United Nations Security Council the code published by President Gamal Abdel Nasser's government earlier this week does not meet the six requirements for the canal's operation unanimously approved by the council last October.

Nevertheless, he said American-registry vessels will be authorized to pay canal tolls to the government of Egypt, under protest, as they have been authorized to do since Nasser's government nationalized the waterway last July 26.

"Perhaps no final judgment can be made regarding the regime proposed by Egypt until it has been tried out in practice," Lodge said.

Go Home, Go Home, Judge Tells Woman

BUFFALO, N. Y. (AP) — Mrs. Barbara Le Barre, 28, said she had an explanation Thursday when she appeared before City Judge Casimer T. Parka on a minor charge. The explanation waxed long.

"You're expecting a baby shortly?" the court asked.

"I'm expecting it NOW," Mrs. Le Barre replied.

"Go home, go home," said the judge.

Bishop Named to Planning Post

SPRINGFIELD (AP) — C. W. Bishop, Carterville, a former Illinois congressman, has been named head of the Division of Industrial Planning and Development, Gov. William G. Stratton's office announced today.

Bishop succeeds Fred R. Falkenstein, who was appointed after the division was created in 1955. Falkenstein resigned to accept a position with a Rockford firm.

The division was set up in the Department of Registration and Education in a move to attract new industry to Illinois.

The new superintendent served 14 years in Congress and later served a year as executive assistant to the postmaster general in Washington. He is a former Carterville postmaster.

Township Officials To Meet Monday At Mount Vernon

MT. VERNON, Ill. — Township officials from all sections of the state will meet here Monday, May 6, for the Southern Spring conference of the Township officials of Illinois.

The meeting will bring together supervisors, town clerks, assessors, collectors, road commissioners and others for discussion of legislation and problems of their offices.

Conference sessions will be held in the Mt. Vernon high school auditorium. Features of the day's program, in addition to legislative reports, will include a panel discussion and talks on highways.

Army Sergeant is Acquitted on Charge Of Beating Recruit

FT. CARSON, Colo. (AP) — A 27-year-old Army master sergeant was acquitted Thursday night in the alleged beating of a Chicago recruit.

A six-member court martial board deliberated only 20 minutes before returning a verdict of innocence in the case of M. Sgt. Billy Short, Taylor, Ark. Short was charged with mistreatment of a soldier and conspiracy to commit assault and battery. Both charges were filed by Pvt. Daniel Chuebrich, 18, Chicago.

Court martial proceedings continued today against five other non-commissioned officers, accused by Chuebrich of simple assault. The Chicago trainee charged that the five noncoms attacked him on orders of Short.

What do you want in a new car?

Want top performance? Try Buick's brand-new engine. Way up in torque. Way up in compression. The "power-pack" is built right into every model, at not one penny of extra cost.

Want today's most modern transmission? Try Buick's newest version of Variable Pitch Dynaflo.* It's instant Dynaflo—with the quickest, smoothest response you ever experienced.

These two points alone tell you where Buick put most of its engineering brains and effort—into making this the dream car of the year to drive.

But you want the other good things that should go with top performance.

You want the most luxurious ride on the road. It's right here. Brought about by new construction from the tires up—including a new chassis that nests the body—new ball-joint suspension—solid new full-length torque tube—new anti-dive stopping and powerful new braking.

You want new low-swept styling. Just look at the all-new, inches-lower Buick bodies. No freak stuff there. Nothing obvious—except good taste.

You want a bargain price. And Buick's got that, too. If you can afford any new car, you can afford a Buick.

So grab your hat and come on over. You can be the proudest—and smartest—man on the block this very night.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. †Standard on Roadmaster, optional at extra cost on other Series.
